Subject: Flint Hills Site Characterization Report May 2011

Hello Brandon,

I am attaching the main body of the SCR for the Flint Hills Refinery sulfolane investigation. I am also sending your information along to the DEC IT group in order for you to have access to the Sharepoint site so you may review all the associated SCR documents and many others located there. Please allow a few days for this.

If you have any questions in the mean time please feel free to contact me or Joann.

Thank you.

Have a great day,

Denise
